Apartment Energy Behaviour Study

Dear Dr Pippa Soccio,

CSIRO are currently engaged by the Department of Climate Change, Energy, Environment and Water to deliver the Apartment Energy and Behaviour Study. This study involves long-term monitoring of energy use and environmental conditions in Apartment dwellings in Melbourne, Sydney, Brisbane and Darwin.

The project is being overseen by the Home Ratings and Disclosure Branch in the Energy Performance and Security Division. Results from the project will inform consideration of changes to the Nationwide House Energy Rating Scheme (NatHERS).

Should any potential participant wish to confirm the status of this project, please direct them to Daniel Daly, Assistant Director, NatHERS Tools and Technical Section at Daniel.daly@dcceew.gov.au

Yours sincerely,

A handwritten signature in black ink, appearing to read 'CV', with a long horizontal flourish extending to the right.

Chris Videroni
